 - 2. Expo
 - 3. Npm Pakages
- Backend
 - 1. Node js
 - 2. Express js
- Database
 - 1. MongoDB
 - 2. Cloudinary

“

LETS EXPLAIN WHAT ARE
THE STAPES TO MAKE
ATTENDENCE

T

SCAN QR ON GATE

After login to app , whenever you want to enter to hostel and exit from hostel you need to scan the QR stick on the wall of hostel gate, and make next step

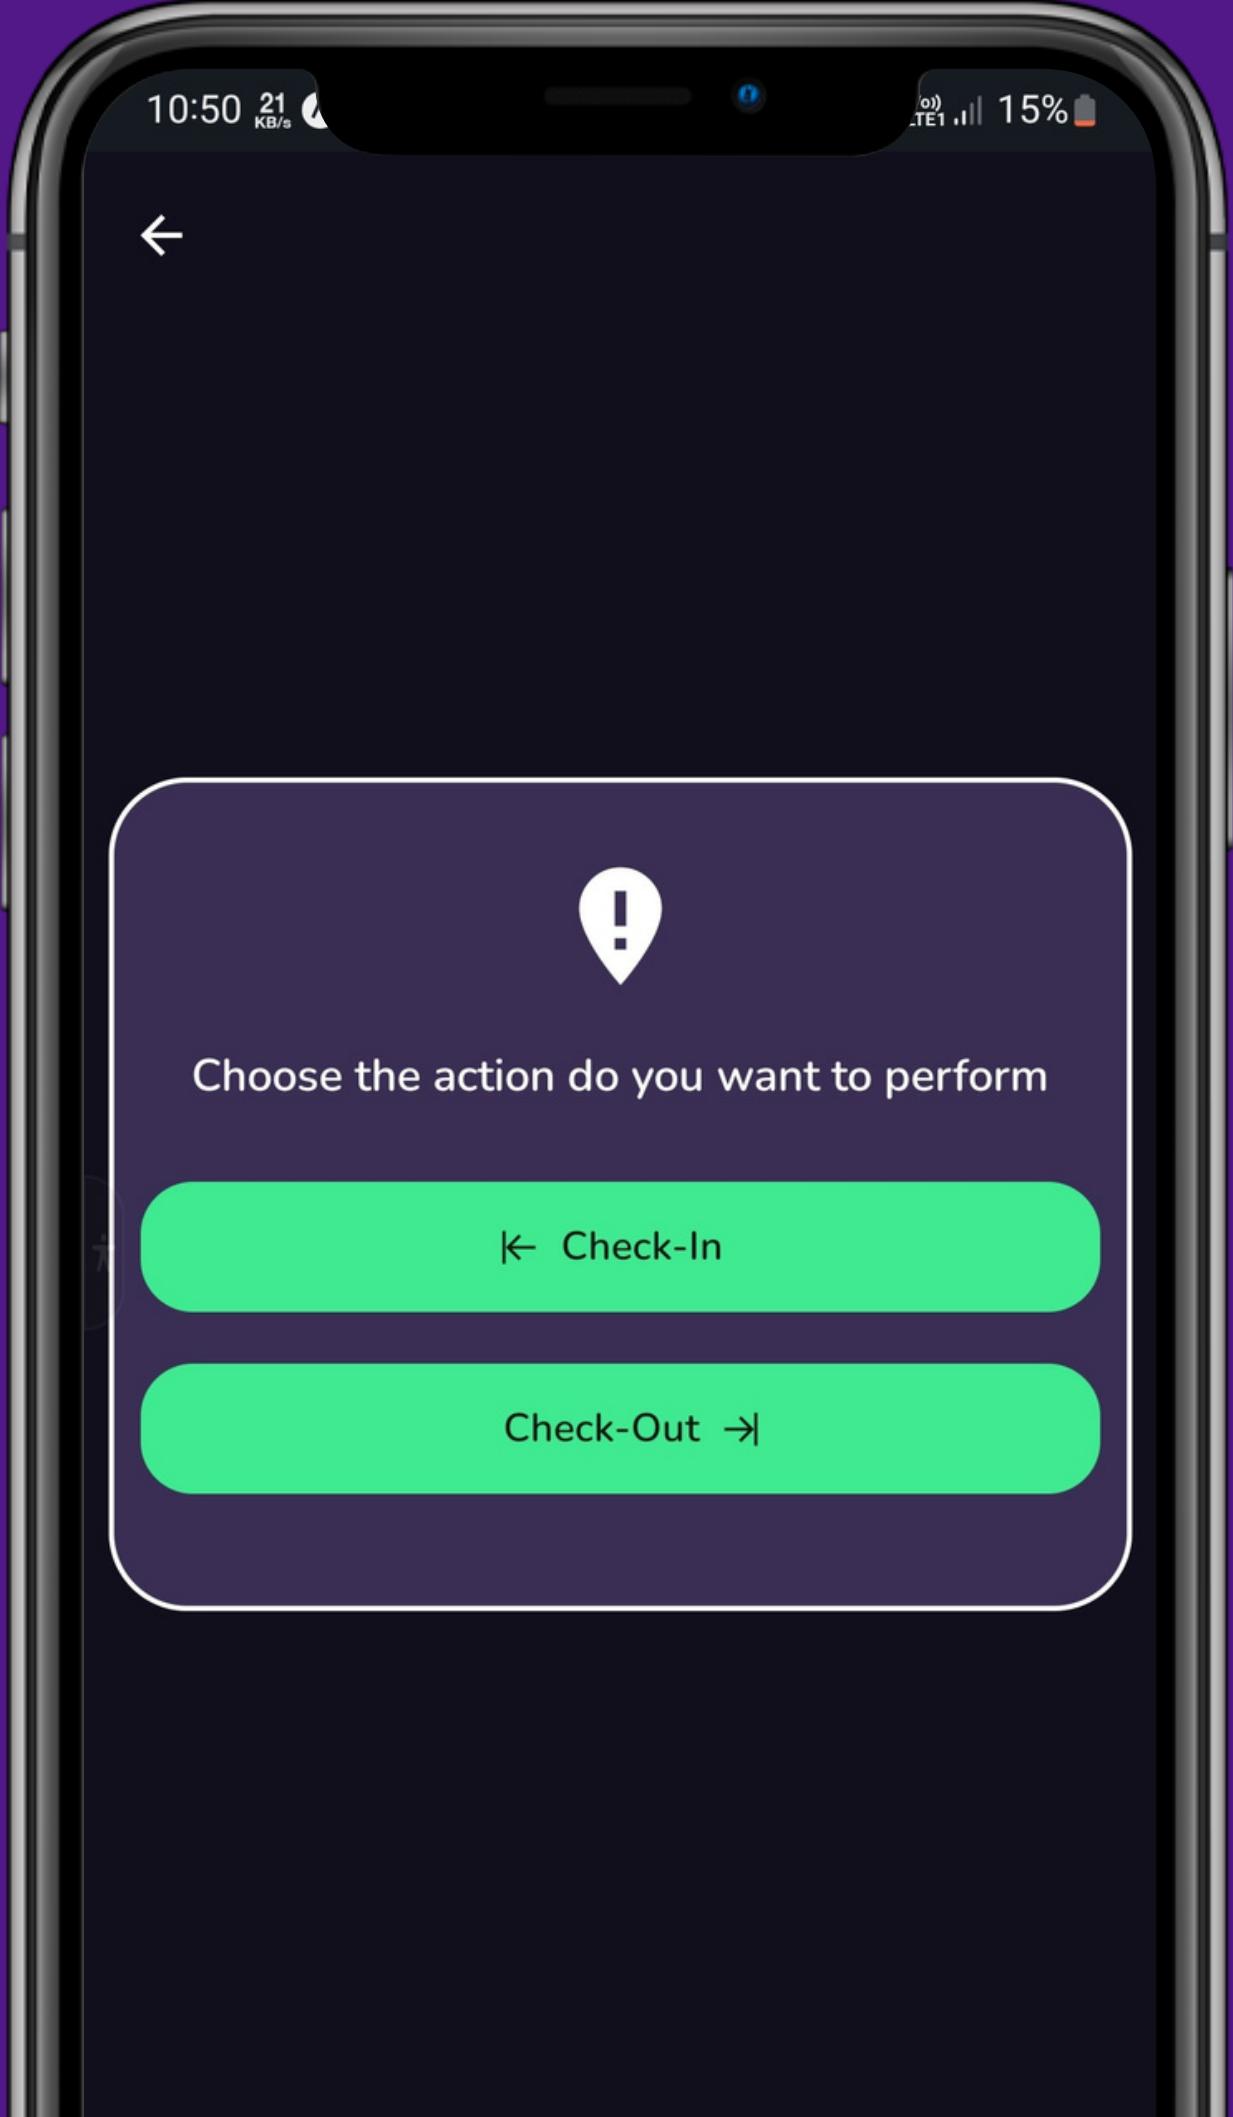

SELECT OPTION

After scanning QR You get two options as following to what action do you want to perform

Check-In To Hostel

Check-Out From Hostel

HELLO,
ITS YOU ?

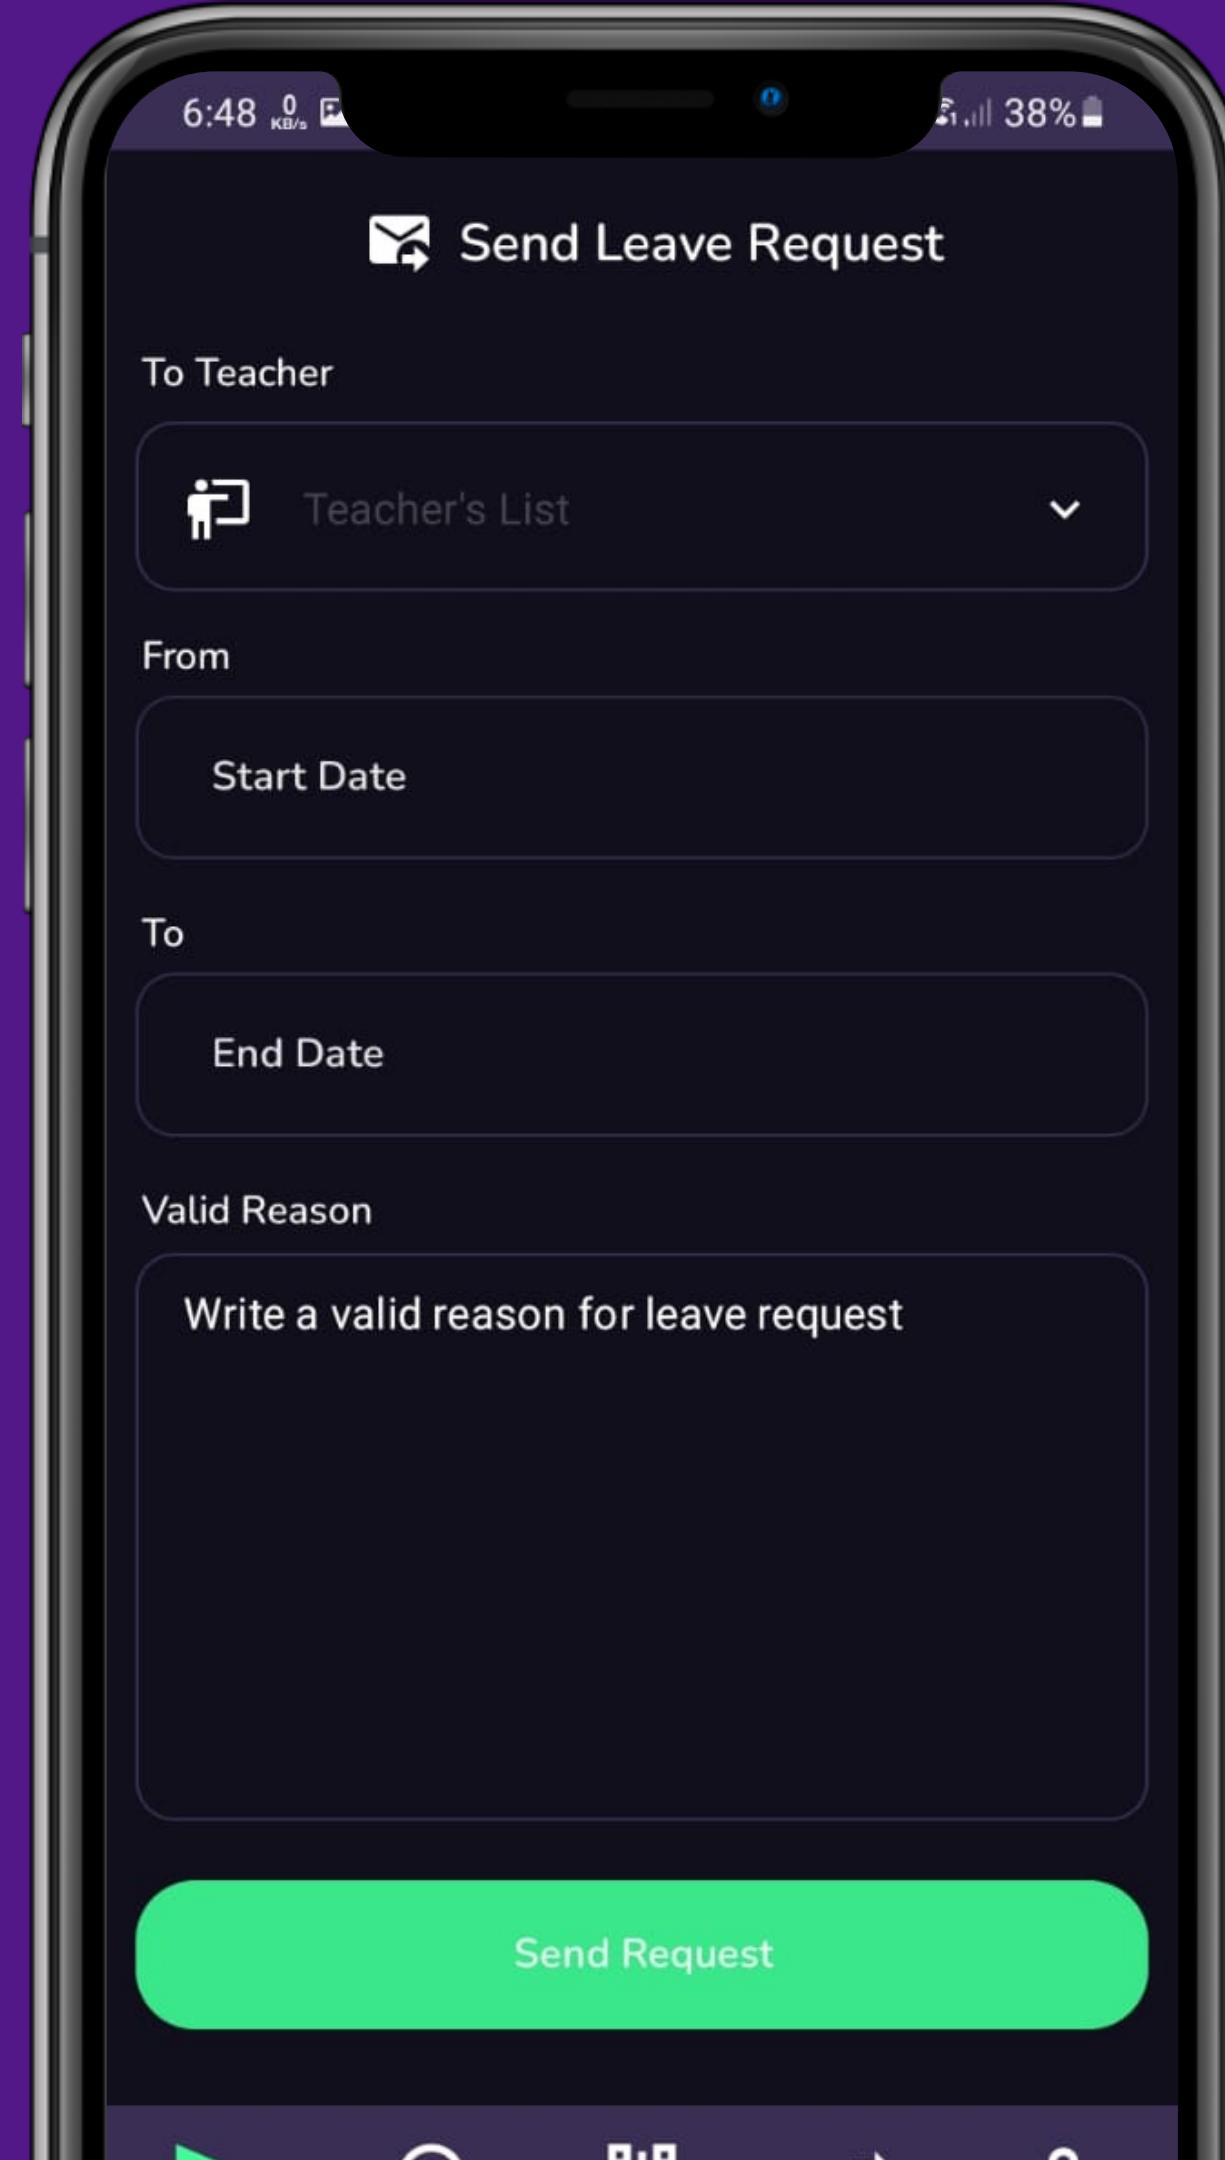

WHAT ABOUT IF ANY FRIEND BRING YOUR
MOBILE AND MAKE ATTENDENCE ?

We have the facility to verify student by taking selfie ,and
verify that its you by AI Face detection , if its you only that
time you can make attendance

SUCCED YOU MADE IT !

After all steps are successfully done you can see that beautiful done page.

ONLINE LEAVE REQUEST

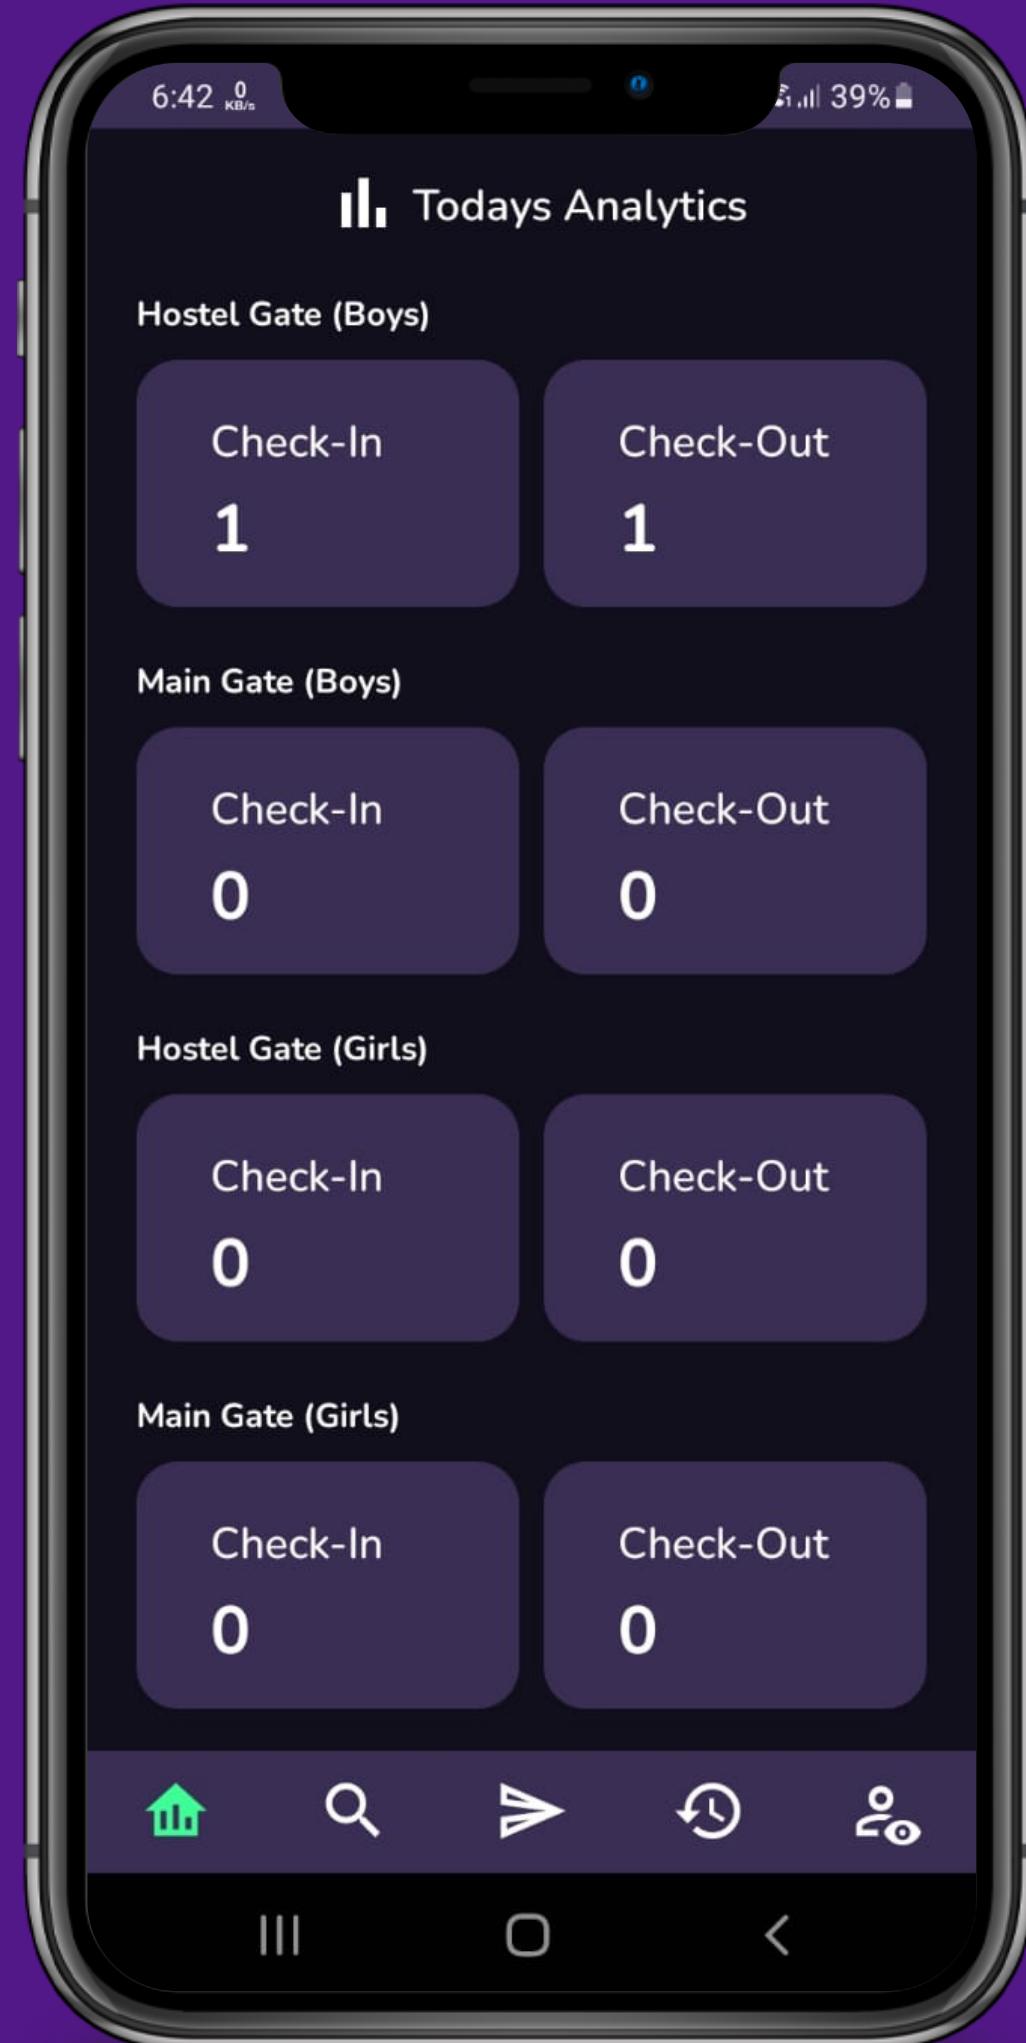

Now students can send online leave request directly to the teacher's using QrAtt Student app.
"Without any paperwork."

“

NOW TAKE A LOOK AT
QRATT TEACHER'S APP

T

App For Teacher (Notify)

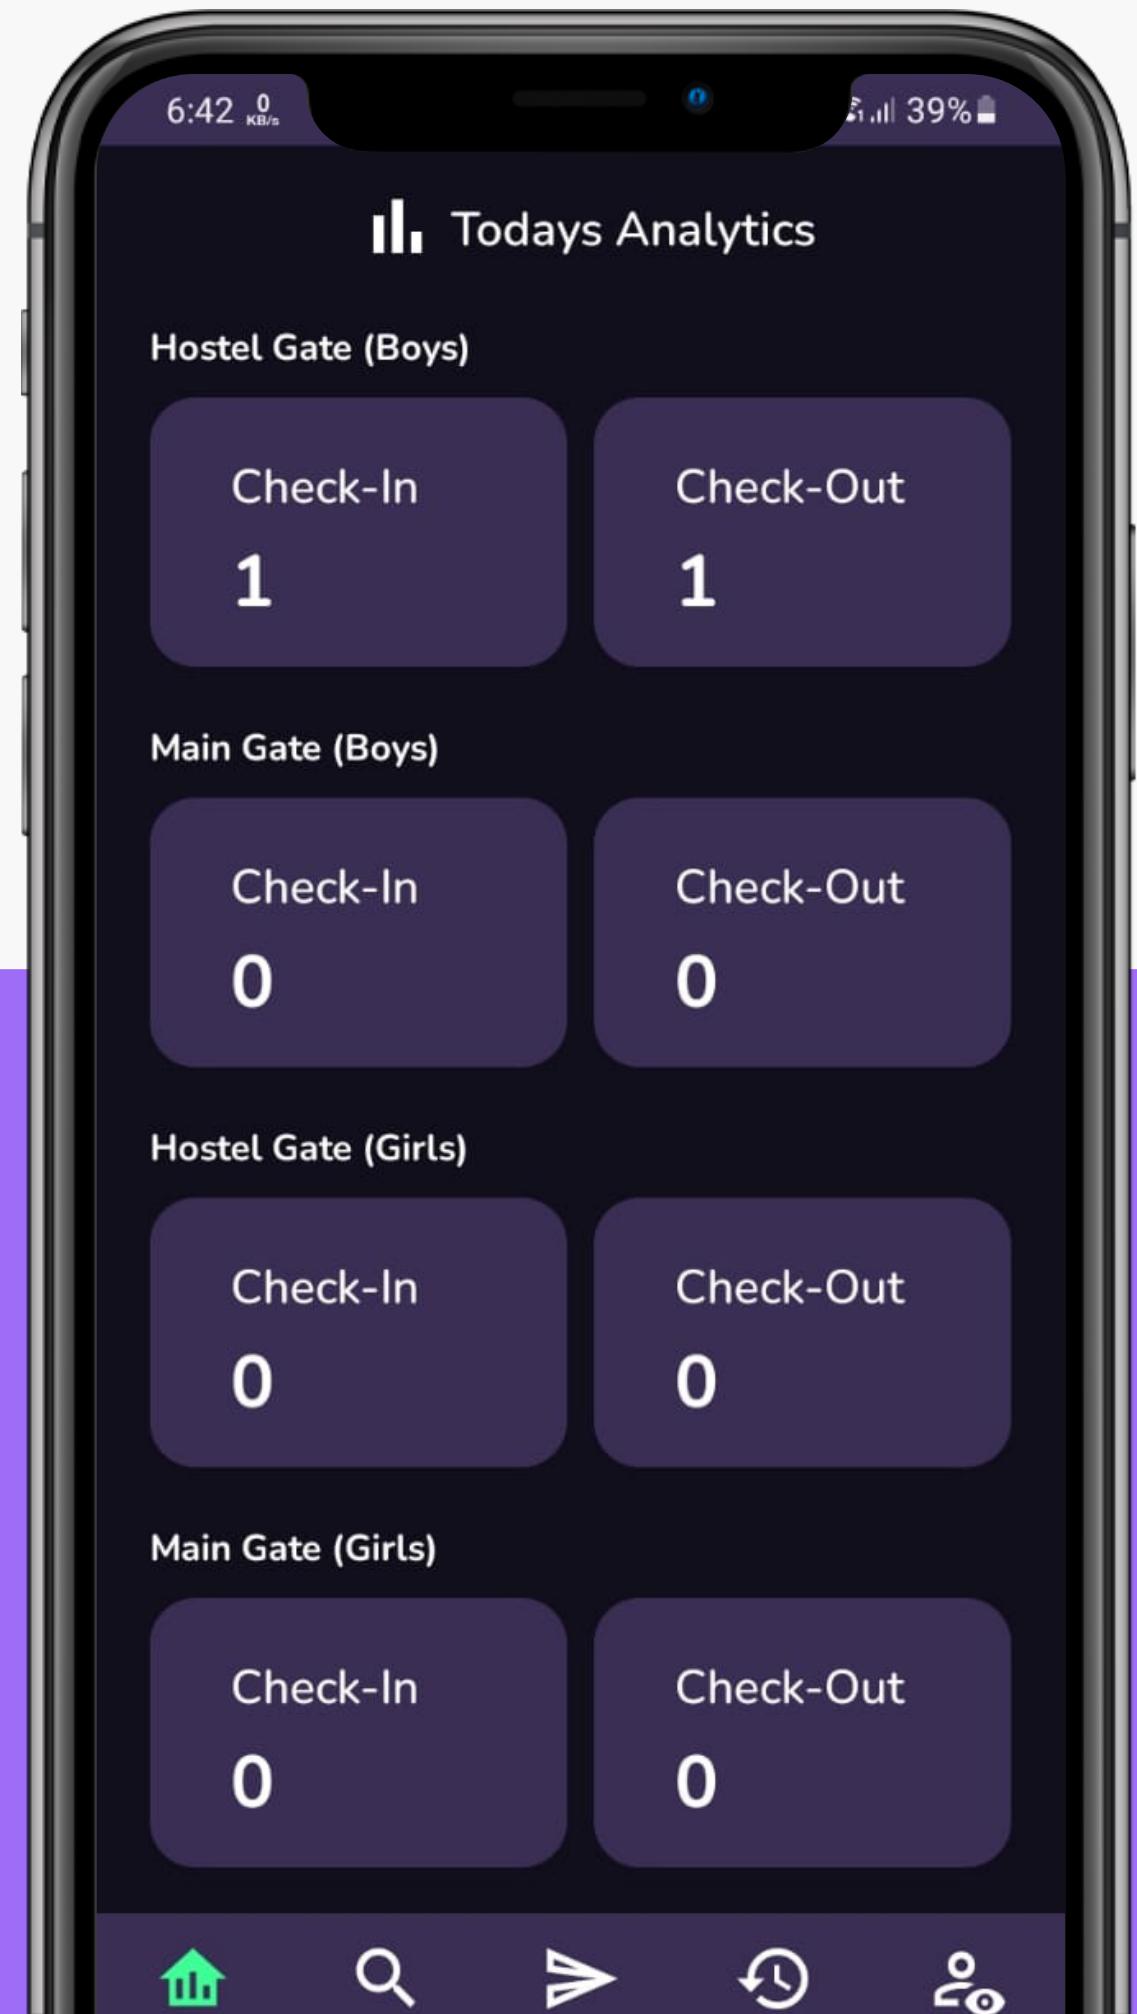

MAIN WORKING

Teachers can see how many leave request they have been received, teacher can allow the student or reject the leave application.

Teachers get the push notification on their mobile phone using the app whenever a student applies for leave.

WHAT THE NEED OF APP

Teachers are not able to bring their laptop with them a whole day, so it was easier to manage requests from the mobile app, it was convenient for teacher as well.

DAILY ANALYTICS

GET DAILY ANALYTICS OF CHECK -IN CHECK-OUT

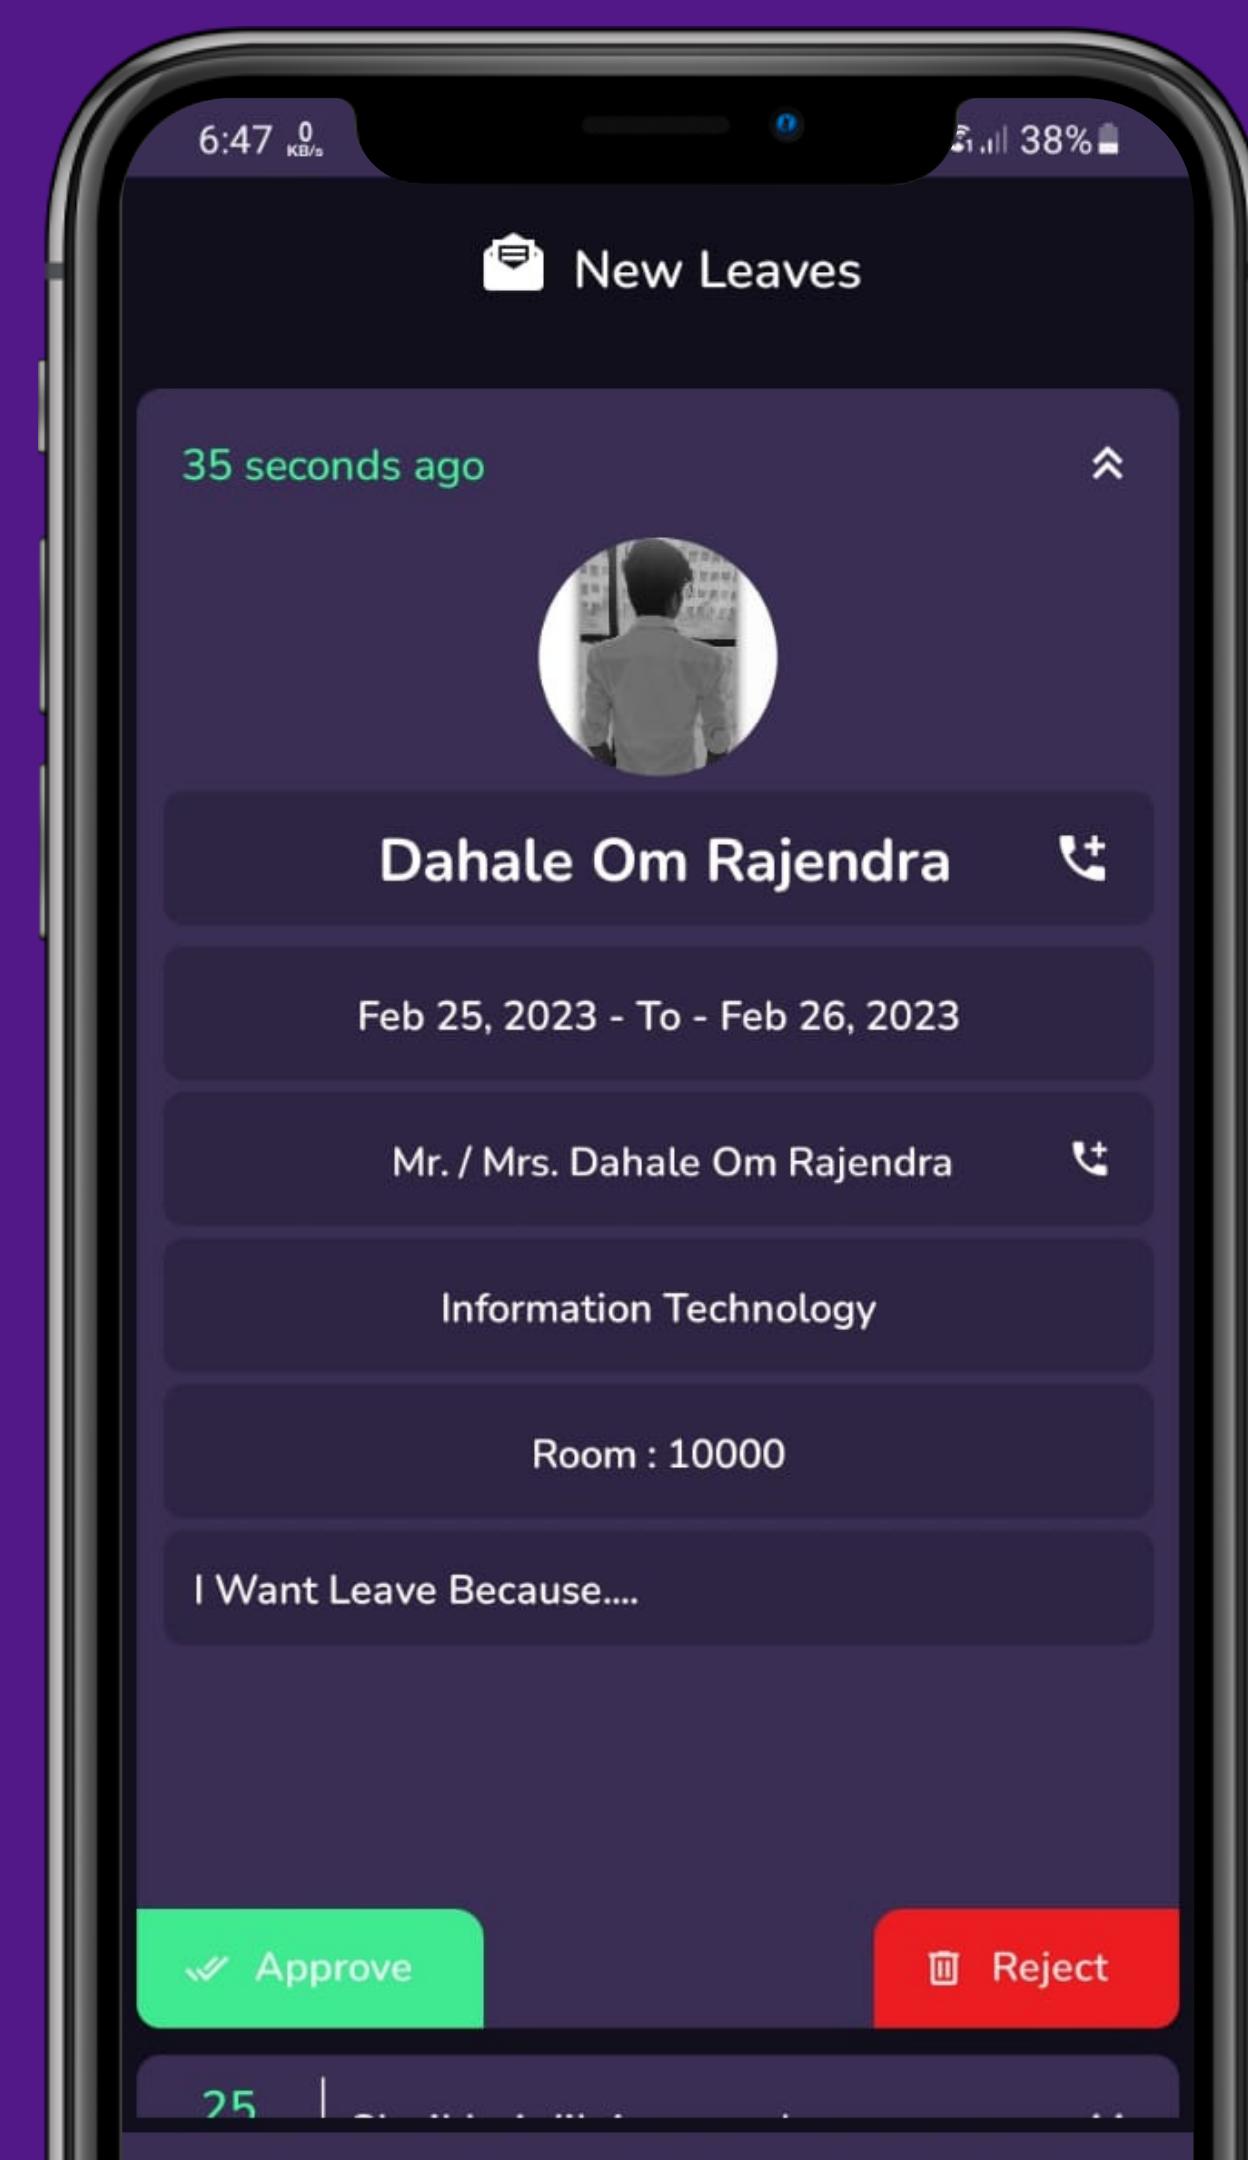

Now it was very easy to count check-in check-out counts on any gate using QrAtt Teacher App and teacher's can analyse student's attendance data.

REQUEST RESPONSE

Teachers can approve or reject student's leave request and confirm by calling their parents , also notify to them.

Approve Request

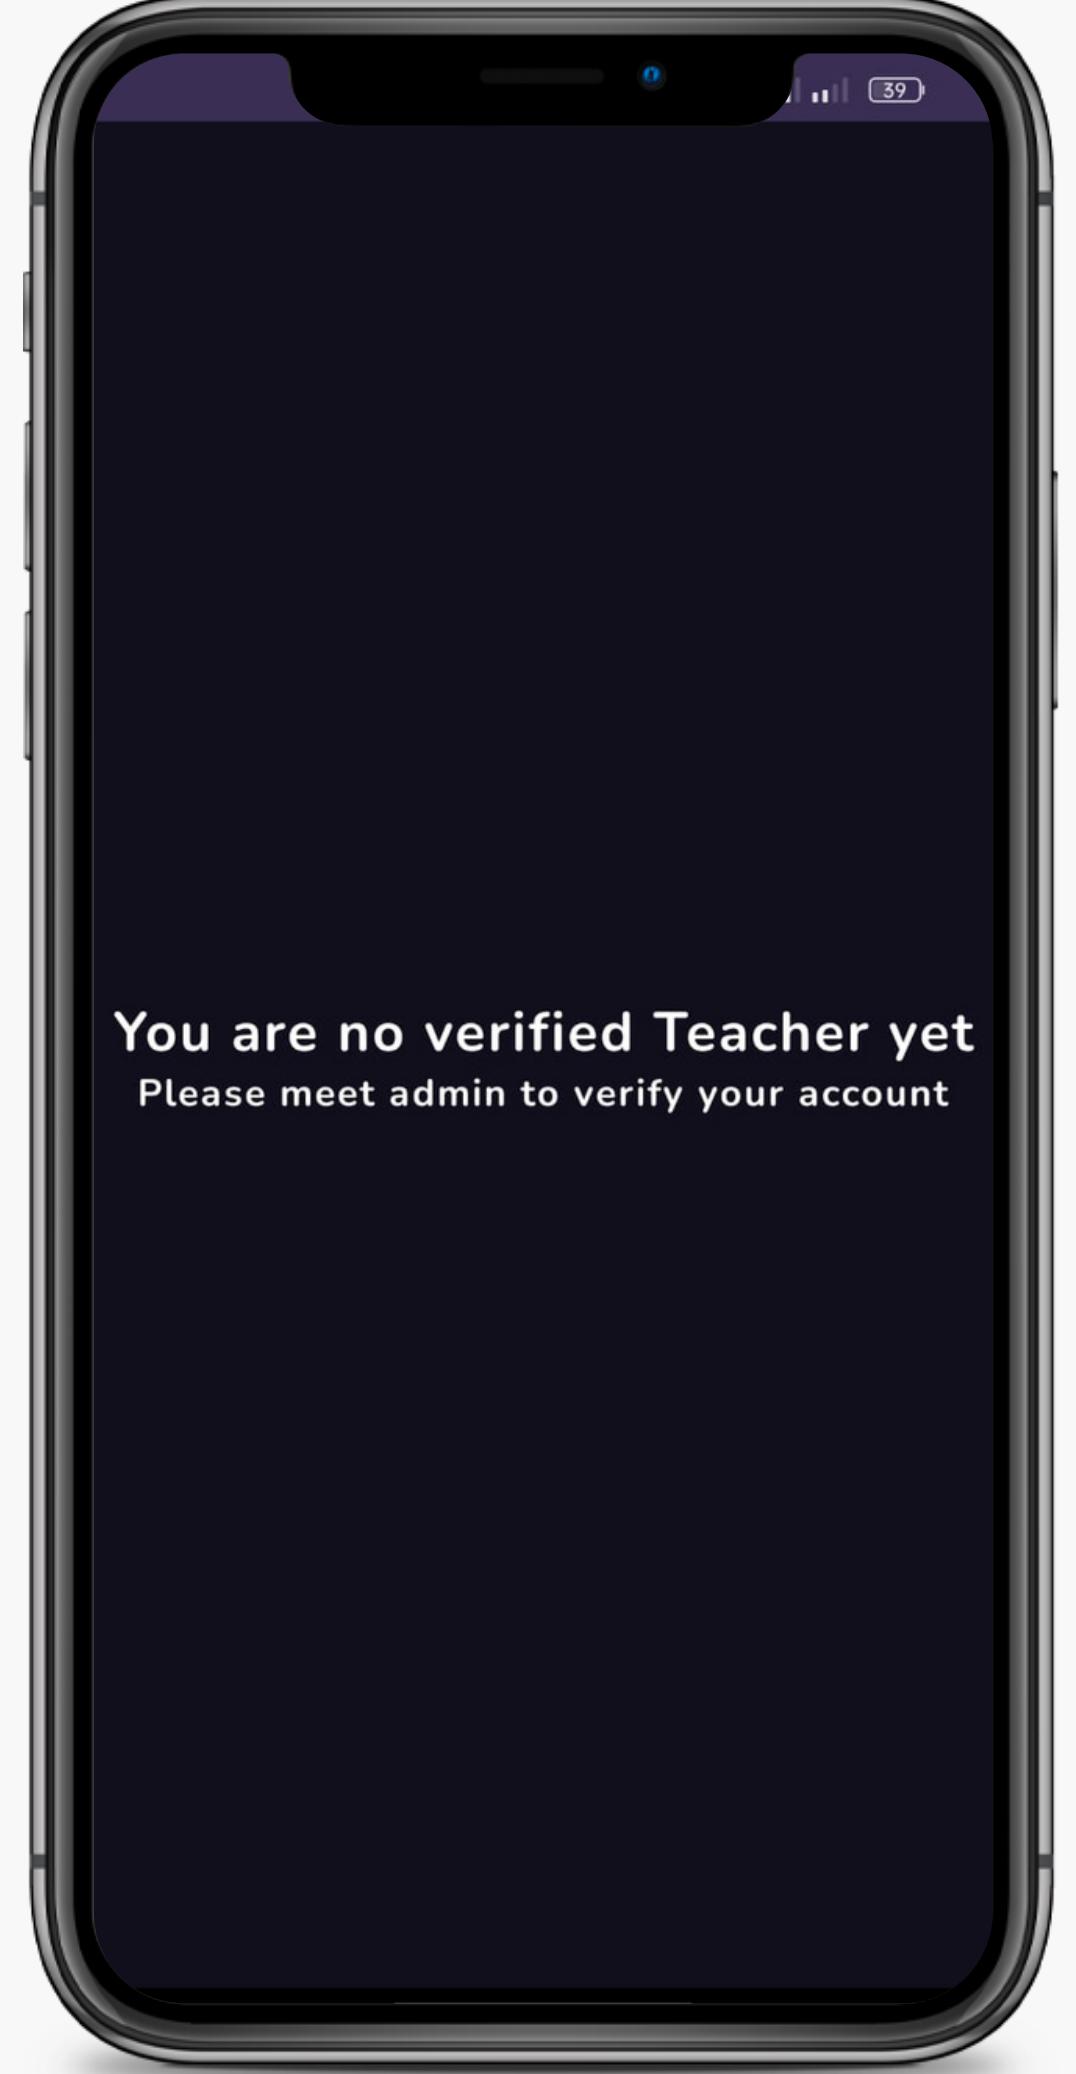

Reject Request

We Don't Take Any Risk !

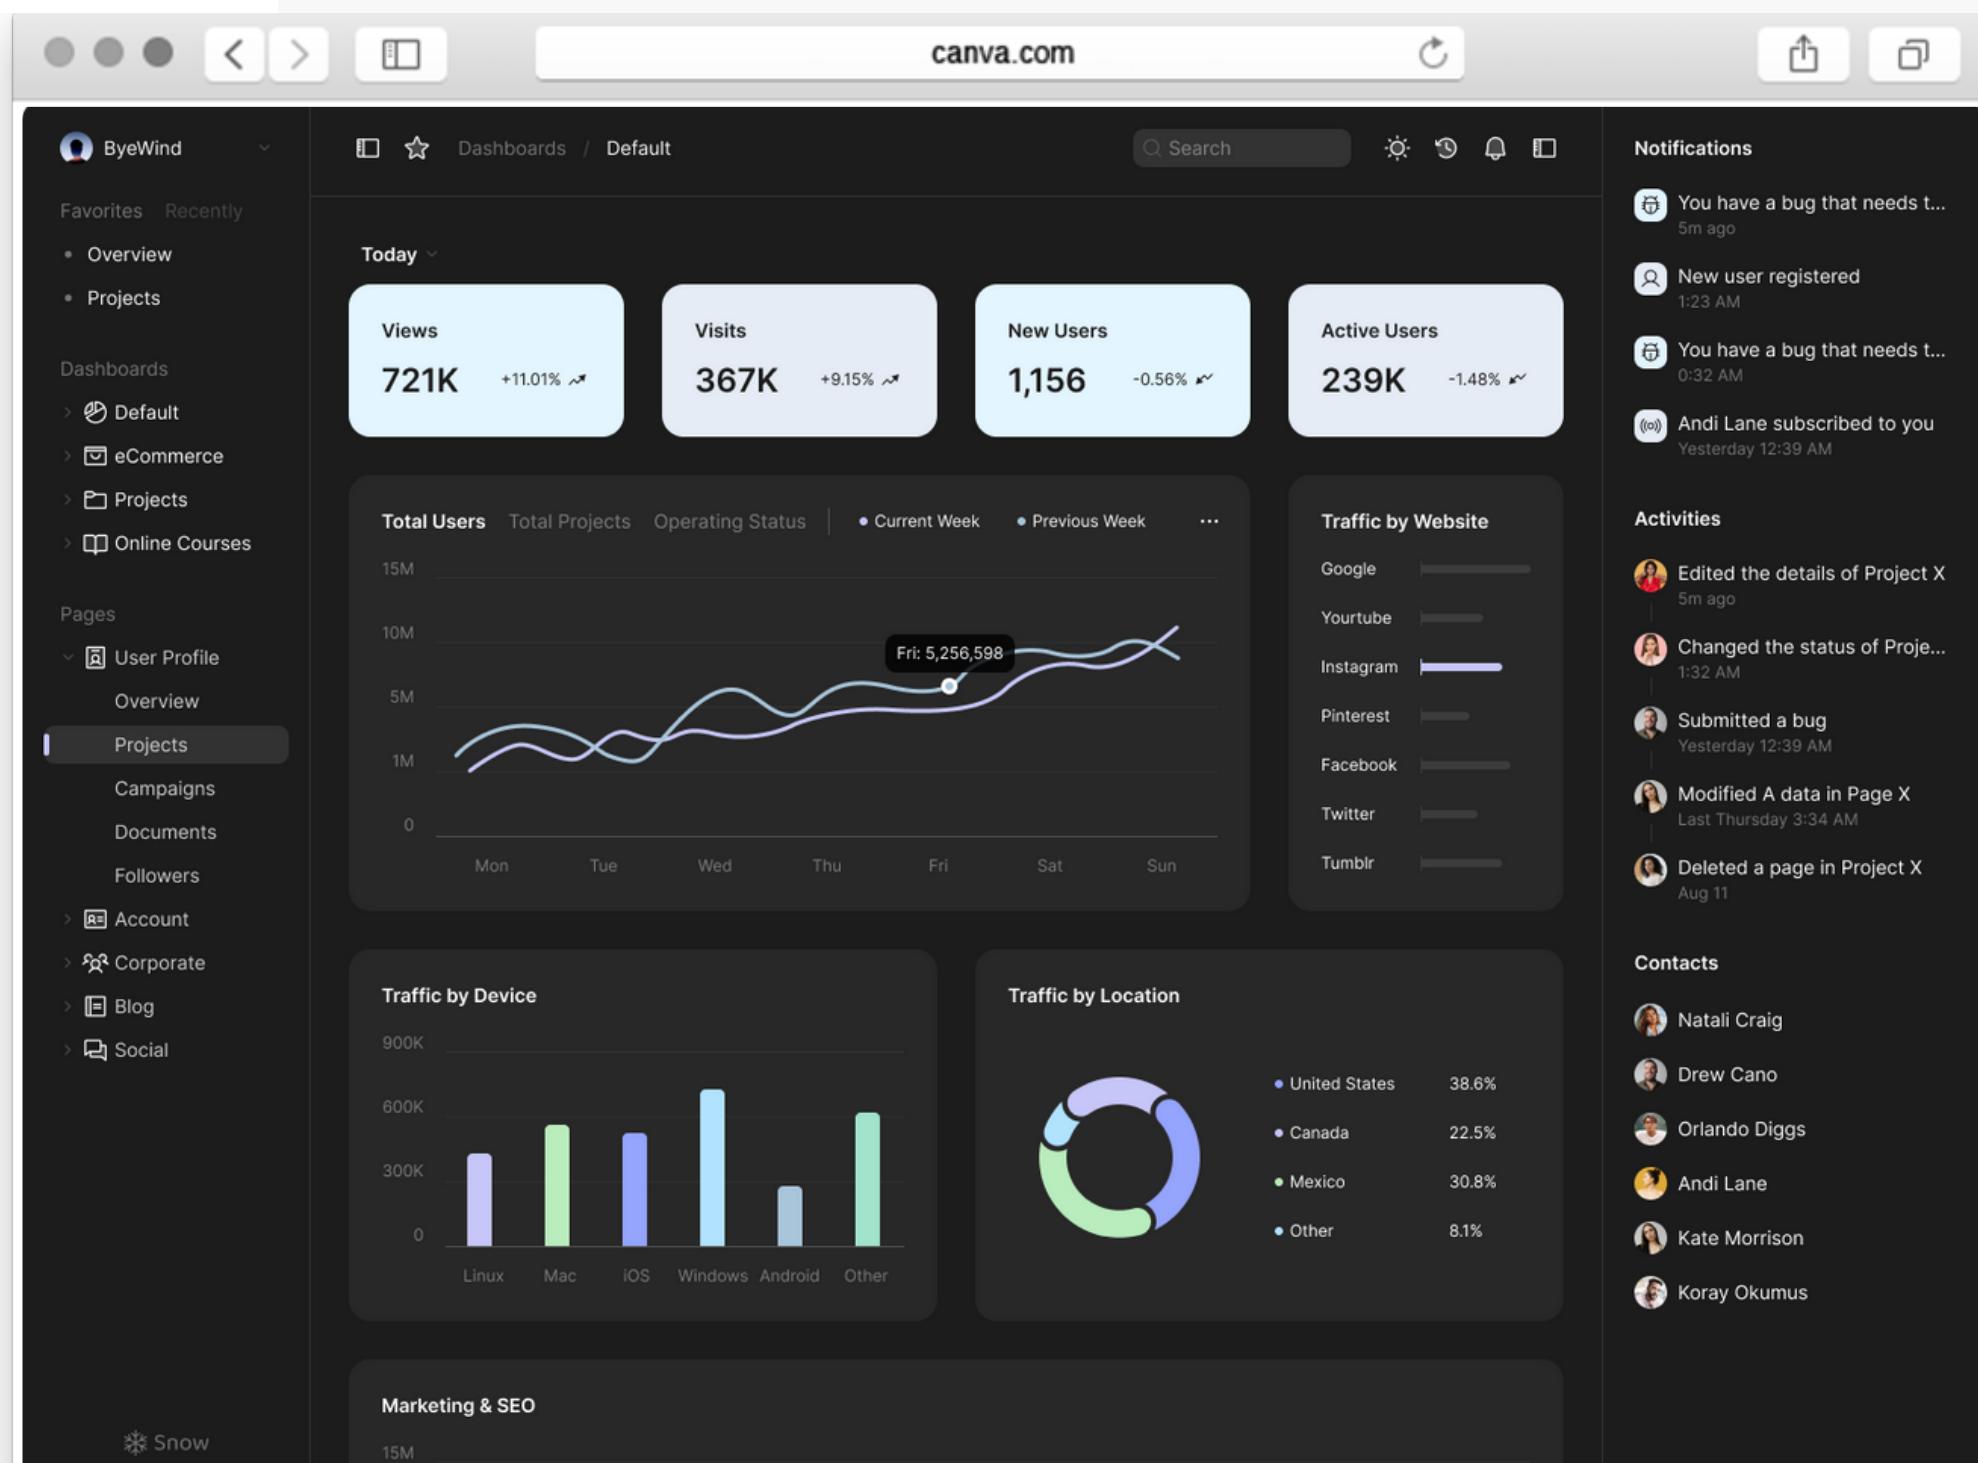

PRIVACY IS MOST IMPORTANT

What about when anyone creates a fake account of teacher, QrAtt don't allow faker's to do that, every teacher account was fully verified by a admin account (Principle account) else they don't able to access any field

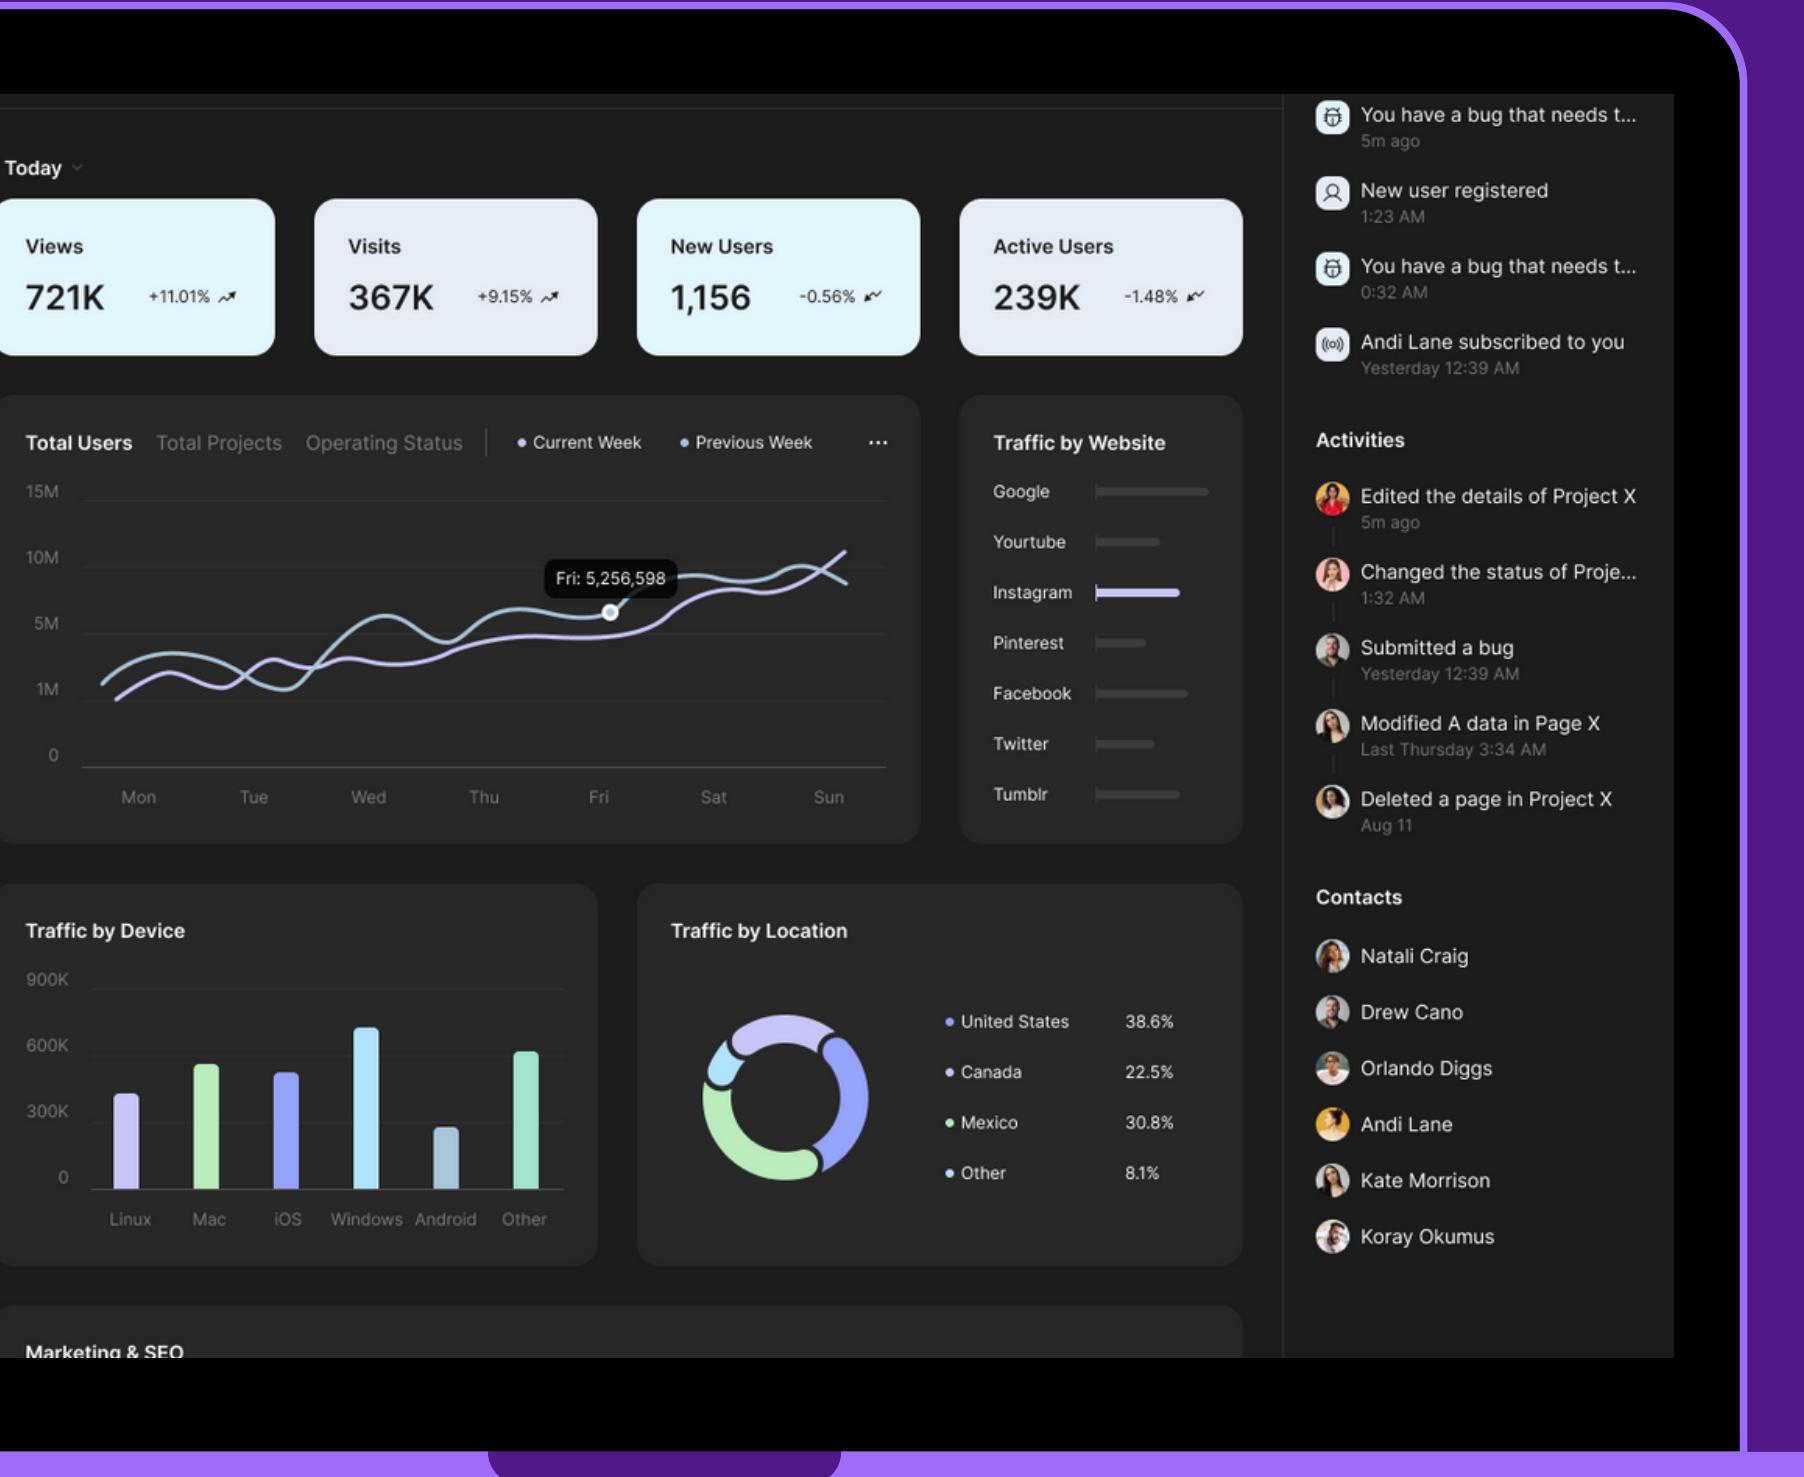

You are no verified Teacher yet
Please meet admin to verify your account

Dashboard Web For Teacher

HOW IT WORKS ?

The data collected from students can manage and read by teachers using the teacher's web, We provide analytics and montly excel file via mail , in this web teacher can analyse how many students checkd-in or checkd-out

WE ARE NOW
WORKING ON
OTHER FACILITIES

We are completing our project so fast for you

WHAT IS THE NEED OF THIS SYSTEM

It consumes less time to make attendance so you can utilize your valuable time in other actions

Less paper work , you dont want to write the time date name mobile-no on a paper the app its self done it for you

Secure and portable ,the app has face detection facility that why no one can use your name for fake attendance

THANKS

For Quietly Listening
To Us.

Teachers To Give Us
Opportunity To Present
